Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound like a tire

#### 8 ON 9 POINT

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-marine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound like a tire going down." Desverges said that from the object a flare was shot at him which seemed to float slowly towards his face. "When I awoke" he added, "I had no sense of

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-marine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound like a tire going down." Desverges said that from the object a flare was shot

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-maine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot trickness on the sine. Jeblevel was under and near it for about three minutes. It was only ten feet from the ground, It made a hissing sound like a tire going down." Desverges said that from the object a flare was shot at him which seemed to float slowly towards his face. "When I awoke" he added, "I had no sense of feeling." A Deputy Sheriff reports that the hairs on Desverges arms had been singed and timy holes burned in his cap. There was some scorched ground near the spot. When Desverges came from the woods he is said to have looked like a wild man. The scout master's story is being closely studied by experts. It may be that by scout Rowan has given a clue. He says that scon after the scout master went into the woods something went off. "It looked like a roman candle." Such reports as these are definitely not in the same category as "mock surs" or other natural

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-marine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound like a tire going down." Desverges said that from the object a flare was shot at him which seemed to float slowly towards his face. "When I awoke" he added, "I had no sense of feeling." A Deputy Sheriff reports that the hairs on Desverges arms had been singed and tiry holes burned in his cap. There was some scorched ground near the spot. When Desverges came from the woods has is do have looked like a will man. The scout master's story is being closely studied by experts. It may be that by scout Rowan has given a clue. He says that soon after the scout master went into the woods something went off. "It looked like are andle." Such reports

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-marine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound

#### 8 ON 9 POINT

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-marine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound like a tire going down." Desverges said that from the object a flare was shot at him which seemed to float slowly towards his face. "When I awoke" he added, "I had

#### 6 ON 7 POINT

A BALL OF FIRE said to have knocked out a 30-year-old Scout Master, has sent the Air Force Flying Saucer Investigation Squad to Florida. There it has been told a strange story by ex-marine Scout Master D. S. Desverges, who says he was going home with three scouts when he saw flashes of light in a wood. Going to investigate, he saw "an object large enough for six or eight men to stand in. It was about ten feet high in the center and about thirty feet in diameter and shaped like a half rubber ball, tapering down to a three foot thickness on the side. I believe I was under and near it for about three minutes. It was only ten feet from the ground. It made a hissing sound like a tire going down." Desverges said that from the object a flare was shot at him which seemed to float slowly towards his face. "When I awoke" he added, "I had no sense of feeling." A Deputy Sheriff reports that the hairs on Desverges arms had been singed and tiny holes burned in his cap. There was some scorched ground near the spot. When Desverges came from the woods he is said to have looked like a wild man. The scout master's

# WHAT'S NEW IN PROXIMA NOVA 1.1

Since Proxima Nova was released a few months ago, two problems which affected some users were fixed and a new feature was added.

# FIX #1: FONT AGENT PRO

The first problem affected users of Font Agent Pro. Some members of the Proxima Nova family were not recognized. This is now fixed.

# FIX #2: QUARKXPRESS

The other problem affected users of QuarkXPress 6.5 and earlier if all 42 Proxima Nova fonts were installed at the same time. QuarkXPress would sometimes fail to create PDF files or print to PostScript output devices. This is now fixed.

NOTE TO PROXIMA NOVA 1.0 USERS: To solve this problem, it was necessary to split Proxima Nova into three smaller font families-Normal, Condensed, and Extra Condensed. Consequently, the Condensed and Extra Condensed fonts aren't recognized as being the same fonts as before. Thus, if you upgrade, you will need to re-apply the Condensed and Extra Condensed styles. Some programs, like InDesign and QuarkXPress, will display a "missing font" message when you open a document that used the old fonts and allow you to easily find and replace the old fonts with the new ones in the document.

# **NEW FEATURE:**

# **IMPROVED ALTERNATE CHARACTER ACCESS**

Instead of two, there are now seven Stylistic Sets, providing more flexible access to alternate characters in Proxima Nova:

	Roman	Italic
Set 1 ("Primer" Set)	aly→aly	ly→ly
Set 2 ("Futura" Set)	Ga→Gα	G⇒G
Set 3 (Alternate "G")	G → G	G ⇒ G
Set 4 (Alternate roman "a")	a → a	*
Set 5 (Alternate italic "a")	*	a ⇒ a
Set 6 (Alternate "I")	→ L	/ → [
Set 7 (Alternate "y")	y → y	<i>y</i> <b>→</b> <i>y</i>
		* NO CHANGE

In programs that support Stylistic Sets, more than one Set may be applied at a time. For example, Stylistic Set 1 (the "Primer" Set) could be recreated by applying Sets 4, 6, and 7 all at once.

Note that some Stylistic Sets affect roman and italic differently. So, for example, if you prefer to have a two-story lowercase "a" in italic as well as roman, apply Set 5. The roman "a" will retain its normal two-story design because Set 5 has no effect on the roman. Similarly, if you prefer to have a one-story "a" in both roman and italic, apply Set 4 instead, which changes the roman but not the italic.
