» *The best thing
about UMBA Slab
is the surprise!* «

UMBA Slab is a clean but eye-catching typeface designed by Anita Jürgeleit. It adds an amazing touch to your corporate design and titling by developing a more dynamic shape from thin to bold. It's especially designed for a wide range of variety and to create a highly recognizable branding and titling.

Twenty styles from thin to bold and matching italics help you create design with a strong essence. Separate styles for alternate and small caps will show up in your font menu, making sure that you always stay aware of the wide range of possibilities of your new favourite font.

UMBA Slab lifts your design up to the next level.
