Youngblood Grunge

Jacques-Louis David (August 30, 1748 – December 29, 1825) was a highly influential French painter in the Neoclassical style. In the 1780s his cerebral brand of history painting marked a change in taste away from Rococo frivolity towards a classical austerity and severity, chiming with the moral climate of the final years of the ancien régime.

Overview

Youngblood Antique is a distressed non-connected formal script with tall, sweeping ascenders. Three variants are available, including an inked regular font, a font drawn with a dry brush and a distressed grungy version. Sixty-four OpenType ligatures add a realistic, natural effect and ensure that no two letters in a word repeat. Youngblood Antique also includes OpenType ending swashes, and old style figures and 30 alternate characters that allow designers to customize the ascender and descender swashes. Be sure to check out the non-distressed original Youngblood
