ABOUT

Hernández Niu is based on the design of Hernández Bold: the thickest weight has been adapted to fit small text better. New five styles have been added, ranging from neutral to more expressive fonts.

Hernández Niu is a display slab serif font of thickened serifs, functional expressive ink-traps and true italics. Detailed forms and counterforms allow this typeface to be used in very large sizes.

Hernández Niu is well-suited for publishing, small text and headlines. A wide variety of weights make the font a perfect choice for hierarchical type-setting, branding, logotypes, magazines, etc.

This font consists of 6 weights, ranging from Extra Light to Heavy, each with matching true italics. Hernández Niu comes with a set of 397 characters, making it possible to use the font in 128 different languages.
