Cantoni Pro

A hand lettered font by Debi Sementelli.

The Cantoni Pro font has a variety of standard and alternate characters that play together well.
And with a total of 1265 glyphs, you can play for as long as you like.

Additional features include: Roman numerals, Greek letters, a set of flourishes and ornaments, Ornate and Old Style numbers, Western and Central European, Romanian and Turkish language support.

Named after my large Italian family, the unique variety of letters based on my own fluid upright style of brush lettering, reminds me of every family I know.

There are creative and conservative siblings, crazy in a good way cousins, affable aunts and corny joke telling uncles who somehow come together and form one cohesive unit.

In the same way, using the Open Type features to insert a “wild t”, begin a name with a “flashy f” or end a word with a “rambling r”, the font comes to life.

The party starts. The fun begins.
And soon they’re all laughing and dancing up and down the baseline.

Like a family gathering to celebrate a special occasion, there is a palpable sense of joy expressed through the letters and images, not unlike the sharing of good food, memorable stories and lots of laughter.

With my focus on invitation designers and the wedding market in particular, the Cantoni Font Family, including Ornaments, Flourishes and DIY Wedding additions, offers a complete package of options for your unique creations.

On behalf of the whole Cantoni family, thanks for joining in the fun.
I’ll see you on the dance floor.

Enjoy! Debi

My favorite part of font creation is seeing how people use them in their designs.

By selecting Proportional Oldstyle from the Open Type Window numbers change to OLDSTYLE.

1 2 3 4 5 6 7 8 9 0

By turning on Stylistic Alternatives in the Open Type Window regular numbers become ORNATE.

1 2 3 4 5 6 7 8 9

I specifically designed ORNATE numbers for Weddings and Special Events..

Use them on Invitations, Save the Dates and for Table numbers just to name a few!

My “Cantoni DIY WEDDING” font contains two versions of the word “Table” as well as a variety of ornaments and flourishes to compliment your signage..

The Cantoni Basic font contains upper and lower case letters that play together well. Hand lettered and based on my own unique brush style, it has a casual, fun feel that dances along the base line.

The fractions and greek letters above are included in this Basic set. However, it does not have any Open Type features and has limited foreign language support.

Cantoni Basic is one of five fonts in the Cantoni Font family.

The **Cantoni Pro** version has an extensive 1265 glyphs with a wide variety of alternate upper and lower case letters as well as a number of flourishes, ornaments, fractions, roman numerals and more! It also offers foreign language support and Open Type features.

The **Cantoni Flourishes, Ornaments and DIY Wedding** fonts all contain images and wording that are suited to the creation of invitations and signage for Weddings and other special events.

My favorite part of font creation is seeing how people use them in their designs. If you have any projects to share for posting on my blog, facebook, instagram or twitter, send me a pic at:
